AURORA GROWN MEANS WELL GROWN

INDEXED

SPRING 1917

PRICE LIST

AURORA NURSERIES

AURORA NURSERY CO., : Proprietors

AURORA, ILLINOIS

☞ ☞ TELEPHONE 339 ☞ ☞

Stock that is GROWN RIGHT—DUG RIGHT—
PACKED RIGHT. When not right we make it right.

The Nurseries

THE Aurora Nurseries are located thirty-seven miles west of Chicago on the main line of the Chicago, Burlington & Quincy, the Chicago & Northwestern, the Chicago, Milwaukee and Gary, and The Chicago Outer Belt Line. The shipping facilities from Aurora are not to be excelled. Our establishment began in 1903 and has steadily grown until today finds us doing business in almost every State. Last year we built a large packing shed and storage house, and are now better equipped than ever to handle our constantly increasing trade.

We are deeply grateful to our friends for their past patronage and solicit a continuation of mutual cordial relations. Visitors to our Nurseries are always welcome.

We give particular attention to the propagation and growth of Ornamental Shrubs, although we grow a considerable quantity of shade and ornamental trees.

TERMS, ETC.

HOW SHIP — When ordering always specify whether we shall ship by freight or express. Also give us the route if possible. When no directions are given we will use our best judgment as to how to ship, but in no case will we be responsible after goods are consigned to purchaser. When losses or damage occur while goods are in transit, either from delay or otherwise, make claim at once to the forwarding Companies.

TERMS—Terms of payment are cash or security before shipment. The usual terms of credit will be accorded to established firms, who if not known to us will please forward references. C. O. D. orders must be accompanied by one-fourth the amount of the order in cash.

PRICES—Prices are for the Spring 1917. This list supersedes all other lists and is subject to change without notice. Five plants of a variety will be supplied at the rate per ten—fifty at; the rate per hundred—five hundred at the rate per thousand.

CLAIMS—Claims for deductions must be made within one week after receipt of goods.

PACKING—Prices in this List are Net; cost of Boxes, Bales, etc., will be added.

Our Young Stock for Lining Out Is Strictly Home Grown

We pay particular attention to propagating our own stock for lining out in the nursery row. Our plants are carefully graded, and will show an even, sturdy growth the first season, far superior to foreign grown nursery stock.

Our facilities in growing young stock have improved from year to year to insure good, live, well rooted plants.

**Aurora Grown Means Well Grown
Stock in Every Particular**
